Mosaicos gêmeos

4º ano | 2026-11-02 | Atividade

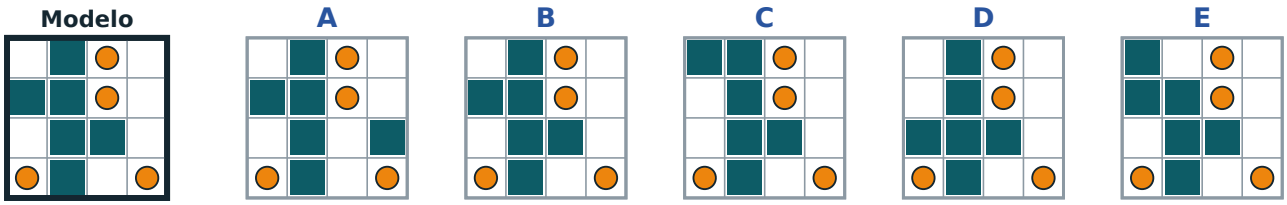

Cada mosaico é uma pequena grade de quadradinhos. Um quadradinho pode estar vazio, escuro ou ter uma bolinha laranja. Compare quadradinho por quadradinho e encontre o mosaico que é igual de verdade. Cada exercício tem uma única resposta certa.

Agora são cinco opções. Cubra tudo menos uma linha com uma tira de papel, compare e desça a tira. Circule o gêmeo exato.

Mosaicos gêmeos

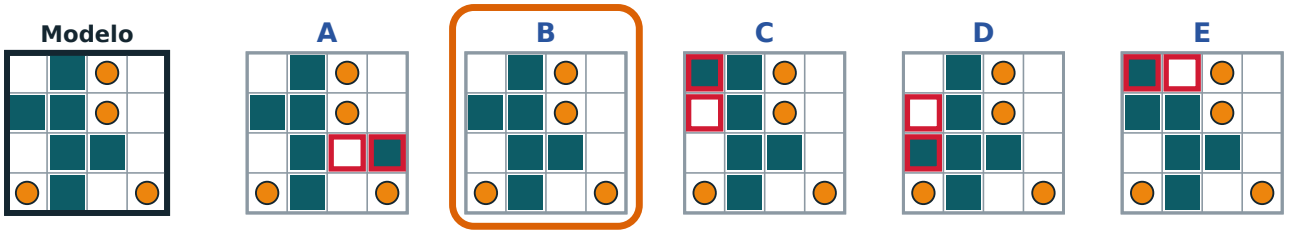

4º ano | 2026-11-02 | Gabarito

Os anéis laranja mostram as respostas. As molduras vermelhas marcam os quadradinhos que deixam cada mosaico errado diferente do modelo.
