जुड़वाँ टाइलें

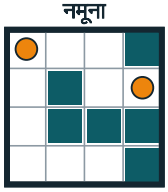

कक्षा 6 | 2026-11-02 | अभ्यास पत्र

हर टाइल छोटे-छोटे खानों का एक जाल है। कोई खाना खाली, गहरा या नारंगी बिंदु वाला हो सकता है। एक-एक खाने की तुलना करो और वह टाइल ढूँढो जो सचमुच बिल्कुल एक जैसी है। हर प्रश्न का केवल एक सही उत्तर है।

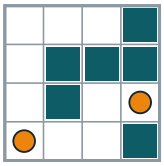

यही काम, अब बिंदुओं के साथ। ध्यान दो: कुछ टाइलें दर्पण प्रतिबिंब हैं, यानी पलटी हुई हैं, और वे नहीं गिनी जातीं। जुड़वाँ पर गोला बनाओ और घड़ी की दिशा में घुमाव लिखो।

जुड़वाँ टाइलें

कक्षा 6 | 2026-11-02 | उत्तर कुंजी

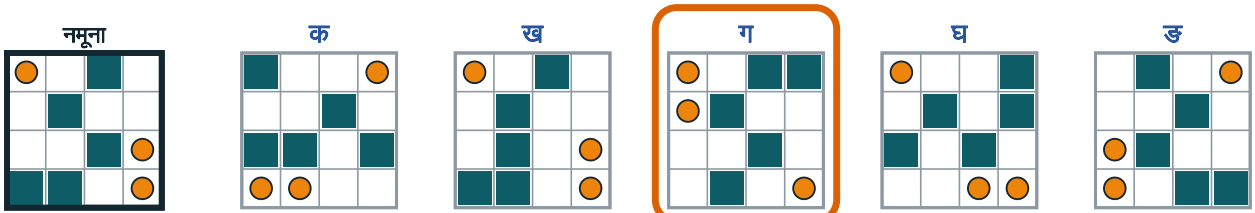

नारंगी घेरे जुड़वाँ टाइलें दिखाते हैं; घड़ी की दिशा में घुमाव नमूने के नीचे लिखा है। लाल टिप्पणियाँ बताती हैं कि बाकी टाइलें क्यों हटीं: पलटी = दर्पण प्रतिबिंब, बदली = दो खानों ने जगह बदली।
