जुड़वाँ टाइलें

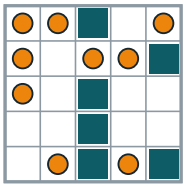

कक्षा 7 | 2026-11-02 | अभ्यास पत्र

हर टाइल छोटे-छोटे खानों का एक जाल है। कोई खाना खाली, गहरा या नारंगी बिंदु वाला हो सकता है। एक-एक खाने की तुलना करो और वह टाइल ढूँढो जो सचमुच बिल्कुल एक जैसी है। हर प्रश्न का केवल एक सही उत्तर है।

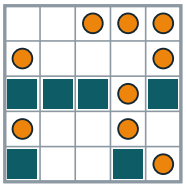

चार टाइलें एक ही टाइल हैं जिसे अलग-अलग ओर घुमाया गया है। एक टाइल अलग है: उसे पलटा गया है या उसके दो खाने आपस में बदले गए हैं। उस पर गोला बनाओ।

जुड़वाँ टाइलें

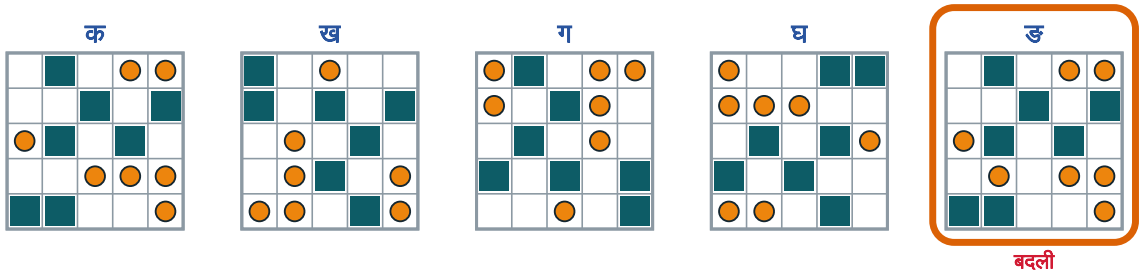

कक्षा 7 | 2026-11-02 | उत्तर कुंजी

नारंगी घेरा अलग टाइल दिखाता है। लाल टिप्पणी कारण बताती है: पलटी = बाकी का दर्पण प्रतिबिंब, बदली = दो खानों ने जगह बदली।
