जुड़वाँ टाइलें

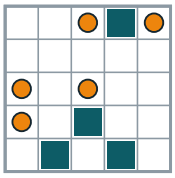

कक्षा 8 | 2026-11-02 | अभ्यास पत्र

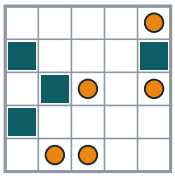

हर टाइल छोटे-छोटे खानों का एक जाल है। कोई खाना खाली, गहरा या नारंगी बिंदु वाला हो सकता है। एक-एक खाने की तुलना करो और वह टाइल ढूँढो जो सचमुच बिल्कुल एक जैसी है। हर प्रश्न का केवल एक सही उत्तर है।

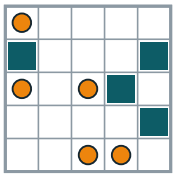

छह टाइलें तीन जोड़े बनाती हैं। हर जोड़े में एक टाइल दूसरी को घुमाने से बनी है, पलटने से नहीं। तीनों जोड़े लिखो, जैसे क–घ।

जुड़वाँ टाइलें

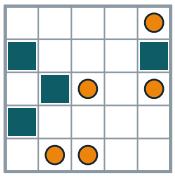

कक्षा 8 | 2026-11-02 | उत्तर कुंजी

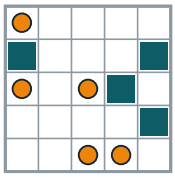

नारंगी अक्षर तीनों जोड़े दिखाते हैं; क्रम से फ़र्क नहीं पड़ता। अलग-अलग जोड़ों की टाइलें घुमाने से नहीं मिलतीं: एक जोड़ा दूसरे का दर्पण प्रतिबिंब है और तीसरे में दो खाने बदले गए हैं।
