Zwillingskacheln

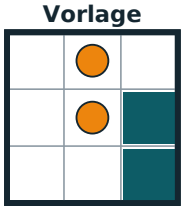

2. Klasse | 2026-11-02 | Arbeitsblatt

Jede Kachel ist ein kleines Gitter aus Kästchen. Ein Kästchen kann leer oder dunkel sein oder einen orangen Punkt haben. Vergleiche Kästchen für Kästchen und finde die Kachel, die wirklich gleich ist. Jede Aufgabe hat genau eine richtige Lösung.

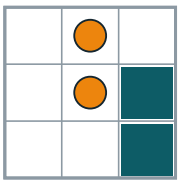

Kästchen können leer, dunkel oder gepunktet sein. Kreise die Kachel ein, die in jedem Kästchen mit der Vorlage übereinstimmt.
