Mosaicos gêmeos

Pré-escola | 2026-11-02 | Atividade

Um adulto pode ler em voz alta. Olhe o mosaico modelo no quadro. Um dos mosaicos ao lado é exatamente igual. Aponte cada quadradinho com o dedo enquanto compara.

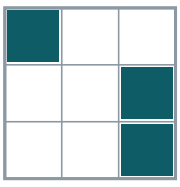

Circule a letra do mosaico idêntico ao modelo. Em cada um dos outros, um quadradinho é diferente.

Mosaicos gêmeos

Pré-escola | 2026-11-02 | Gabarito

Os anéis laranja mostram as respostas. As molduras vermelhas marcam os quadradinhos que deixam cada mosaico errado diferente do modelo.

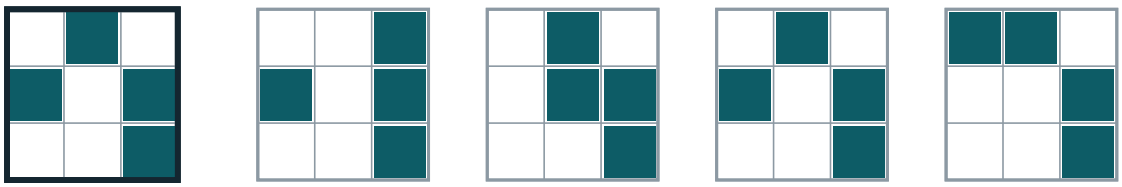

Mosaicos gêmeos

1º ano | 2026-11-02 | Atividade

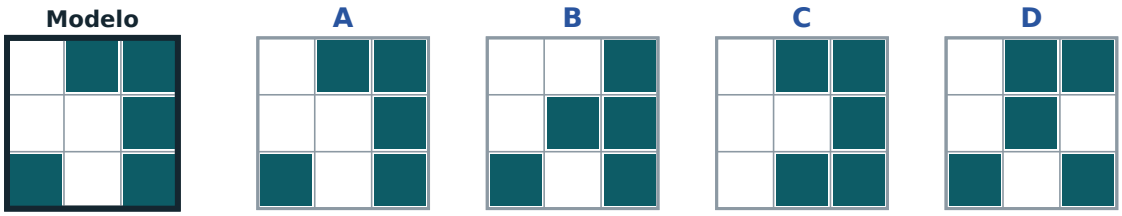

Cada mosaico é uma pequena grade de quadradinhos. Um quadradinho pode estar vazio, escuro ou ter uma bolinha laranja. Compare quadradinho por quadradinho e encontre o mosaico que é igual de verdade. Cada exercício tem uma única resposta certa.

Circule o gêmeo exato do modelo. Nos outros, um quadradinho escuro escorregou para a casa vizinha.

Mosaicos gêmeos

2º ano | 2026-11-02 | Atividade

Cada mosaico é uma pequena grade de quadradinhos. Um quadradinho pode estar vazio, escuro ou ter uma bolinha laranja. Compare quadradinho por quadradinho e encontre o mosaico que é igual de verdade. Cada exercício tem uma única resposta certa.

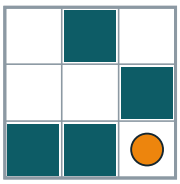

Os quadradinhos podem estar vazios, escuros ou com bolinha. Circule o mosaico que é igual ao modelo em todos os quadradinhos.

Mosaicos gêmeos

3º ano | 2026-11-02 | Atividade

Cada mosaico é uma pequena grade de quadradinhos. Um quadradinho pode estar vazio, escuro ou ter uma bolinha laranja. Compare quadradinho por quadradinho e encontre o mosaico que é igual de verdade. Cada exercício tem uma única resposta certa.

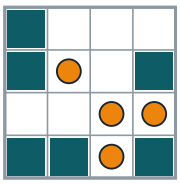

Confira o modelo linha por linha. Só um mosaico bate quadradinho por quadradinho; nos outros, dois quadradinhos vizinhos trocaram de lugar.

Mosaicos gêmeos

7º ano | 2026-11-02 | Atividade

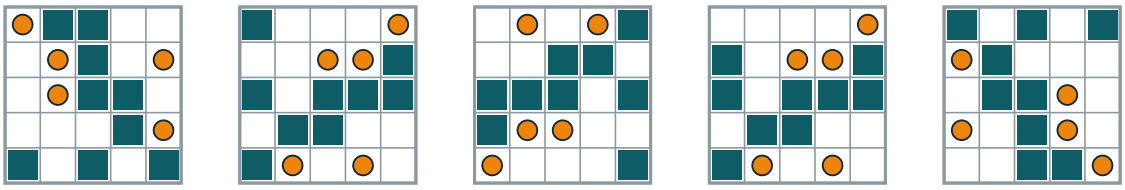

Cada mosaico é uma pequena grade de quadradinhos. Um quadradinho pode estar vazio, escuro ou ter uma bolinha laranja. Compare quadradinho por quadradinho e encontre o mosaico que é igual de verdade. Cada exercício tem uma única resposta certa.

Quatro mosaicos são o mesmo mosaico girado de jeitos diferentes. Um é o intruso: foi virado ou teve dois quadradinhos trocados. Circule-o.

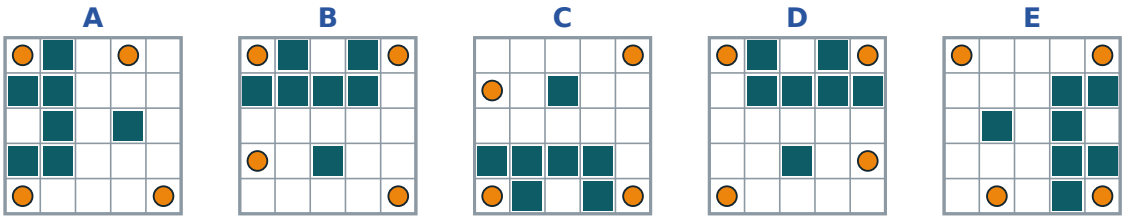

01

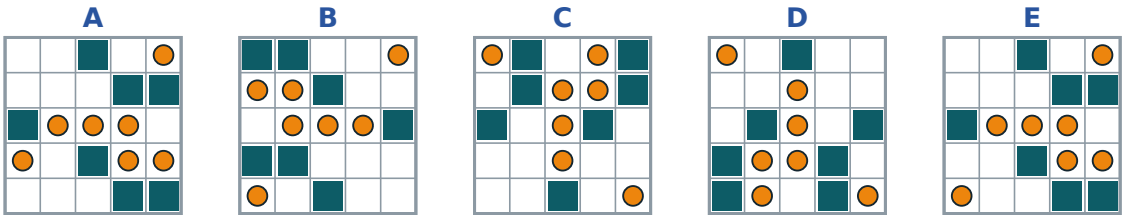

02

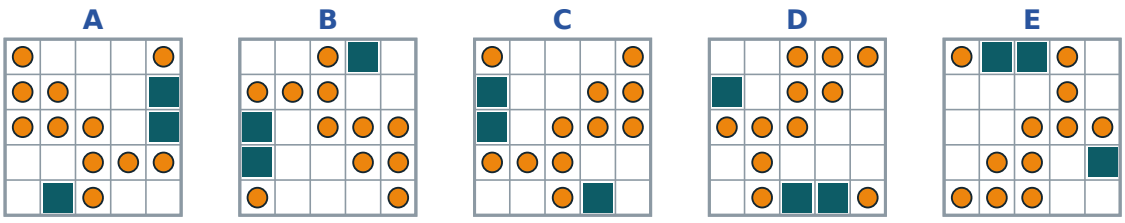

03

04

05

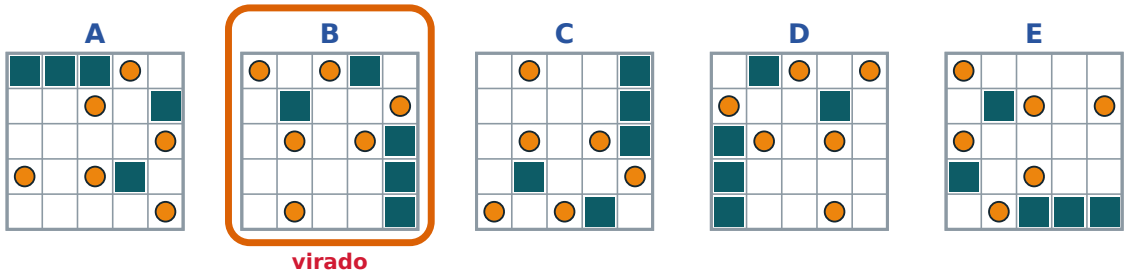

Mosaicos gêmeos

7º ano | 2026-11-02 | Gabarito

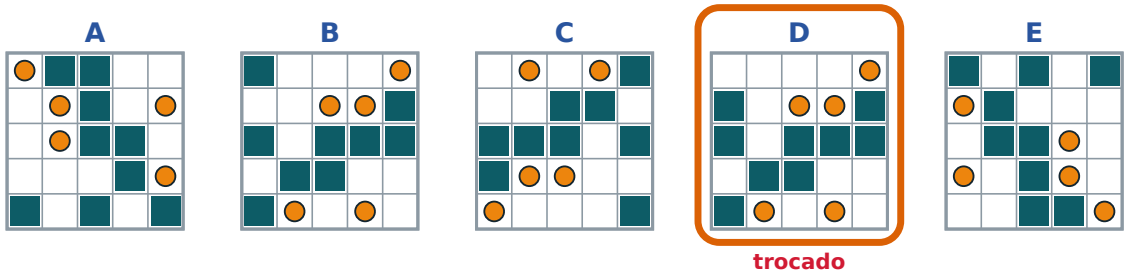

O anel laranja mostra o intruso. A nota vermelha diz por quê: virado = imagem de espelho dos outros, trocado = dois quadradinhos mudaram de lugar.

Mosaicos gêmeos

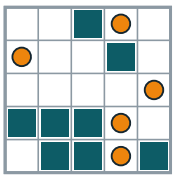

8º ano | 2026-11-02 | Atividade

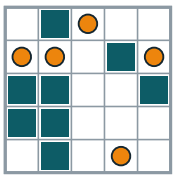

Cada mosaico é uma pequena grade de quadradinhos. Um quadradinho pode estar vazio, escuro ou ter uma bolinha laranja. Compare quadradinho por quadradinho e encontre o mosaico que é igual de verdade. Cada exercício tem uma única resposta certa.

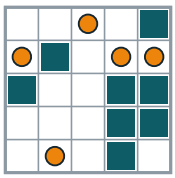

Os seis mosaicos formam três pares. Em cada par, um mosaico é o outro girado, nunca virado. Escreva os três pares, por exemplo A–D.

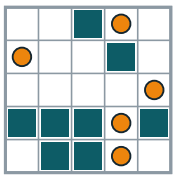

01

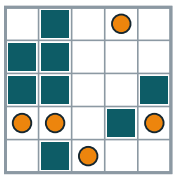

A
