Shape Matrices

Kindergarten | 2026-11-09 | Worksheet

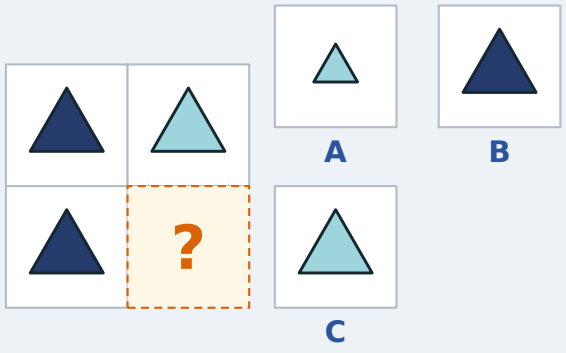

An adult can read this aloud. Look at the pictures in each grid. One box is empty. Circle the picture that belongs there.

The bottom row changes in the same way as the top row, or each column keeps the same picture. Circle the missing picture.

Shape Matrices

Grade 1 | 2026-11-09 | Worksheet

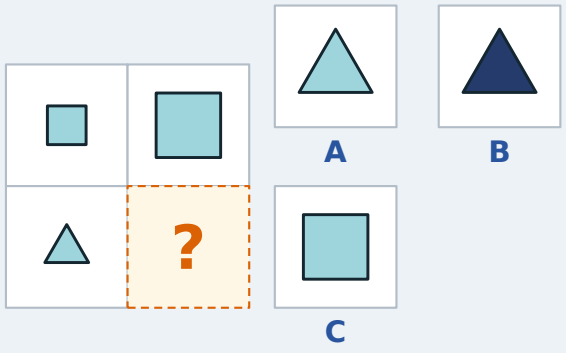

Each grid follows its own rules. Study the full rows and columns, work out how the pictures change, and circle the picture that belongs in the empty box. Exactly one answer fits.

One feature changes from left to right and another from top to bottom. Circle the picture that fits both.
