Find and Count

Kindergarten | 2026-11-10 | Worksheet

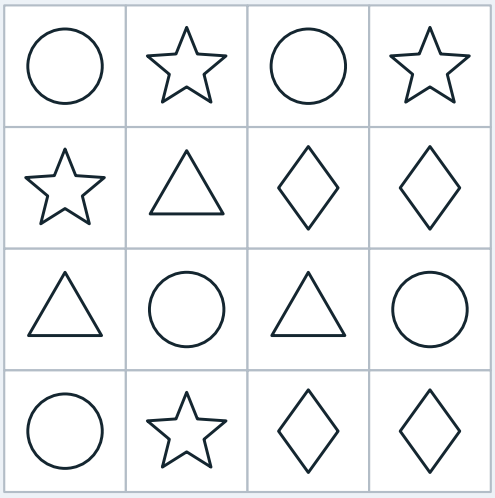

An adult can read this aloud. Look at the shape in the Find box. Circle every shape in the grid that is the same. Count them and write the number.

Circle every shape that is exactly like the one in the Find box.

Find and Count

Grade 7 | 2026-11-10 | Answer key

The rings mark every matching box and the number shows how many there are. If a count is off, check the grid again row by row with your child.

Find and Count

Grade 8 | 2026-11-10 | Worksheet

Look at the box marked Find. Go through the grid row by row, circle every box that matches it, then write how many you circled. Watch out for boxes that are almost the same.

Work out each expression: powers and roots first, then multiply, then add and subtract. Circle every one equal to the number in the Find box.
